A PRODUCT OF NEW ZEALAND

AITCHISON®

AGRISPRED®

If your fertiliser or magnesium spreader needs to be hassle-free, robust and truly well designed, look no further than the quality Aitchison® Agrispred® lineup.

They will rise to the occasion and won't let you down.

The Aitchison® Agrispred® range of spreaders all feature fully galvanised frames, UV stable hoppers and marine grade stainless steel aperture and spreading components.

Our Aitchison® Agrispred® range has been developed from more than 40 years of experience in the field working with farmers and contractors.

With five quad bike models and one tractor model in the Aitchison® Agrispred® range there will no doubt be a model to suit your needs.

FEATURES ON SELECT SPREADERS INCLUDE:

- > Dual height settings for drawbar ensures level spreading at all times
- > Stainless steel aperture and spinning discs
- > Hoppers are supported by a full cradle
- > Swivel tow hitch standard for safety
- > Adjustable spreading fins for flexible spread
- > Superior clutch mechanism

WITH A STRONG COMBINATION OF ACCURATE FERTILISER SPREADING AND SUPERIOR BUILD QUALITY, YOU'LL NEVER SPREAD YOURSELF TOO THIN WITH AN AITCHISON® AGRISPRED®.

Aitchison® Agrispred® E version spreaders (AFS-GE460, AFS-GE660 & AFS-E660) include a remote control electronic actuator. This provides the convenience of opening and closing the fertiliser aperture from the towing vehicle seat.
